Non-Hazardous LIB Profile Form

Approval # _____
Expiration Date: _____ <small>(1 year from issue date, with option to extend reapproval form required)</small>
Signature _____
For LIBP use only

A. Generator Information (Material Origin)

1. Generator Name: _____
2. Site Address: _____
 (City, State Zip) _____
3. Technical Contact: _____
4. Email: _____
5. Phone: _____ Ext. _____
6. Cell#: _____
7. Generator US EPA Site ID #: _____
Not required for non-hazardous by-products.
 Use "MILIB" if no site id# is assigned
8. Type of Business: _____

C. Contractor/Transporter Information

1. Transporter Name: _____
2. Address: _____
 City, State Zip _____
3. Contact Name: _____
4. Phone: _____ Ext. _____
5. Transporter USEPA Site ID #: _____

E. By-Product Information

1. Description of the by-product & process generating the material (be specific)

2. Analytical attached: Yes
3. Other information attached (such as SDS)? Yes
4. Volume Produced Gallons
 Frequency:

Per Day	Per Week
Per Month	Per Year
1x only	Other
5. Expected Shipping Method

Bulk	Drums
Totes	Other

B. Billing Information

- | | | |
|------|-------------------|-----------------|
| | Same as Generator | Already on File |
| Yes | No | |
| Mail | Email | Other |

D. Generator General Information

1. Does the Generator have hazardous products onsite? Yes No
 If yes, name of product(s) _____

 If Yes, how are they disposed of? _____

F. Regulatory Information

1. Does the by-product contain any used oils? Yes No

Other Oil	Antifreeze

H. Shipping document information

How would you like the signed copy of the shipping document sent?

With Invoice

To generator address to attn of: _____

To separate address to attn of: _____

Other: _____

I. Ongoing Analytical/Periodic Testing

LI can provide ongoing analytical period testing (at generator’s expense) for DEQ and Environmental Auditing purposes.

No, I do not require this information

Yes, I would like my by-product stream(s) tested. LI Salesperson will contact you to discuss pricing, sampling, and verify details before proceeding. You can discuss frequency & method of sending data at that time.

J. Generator Certification (please read and certify by signature)

Generator Certification:

I certify and warrant to Liquid Industrial By-Products (LI) as follows: (1) all of the information contained on this by-product profile form (Profile) and attachments, if any, is accurate and complete as of the date of execution of this Profile and, if approved by LI, will remain accurate as of the date of any and all pick-ups or delivery to LI; (2) the by-product is non-hazardous as defined in applicable federal, state or local statutes, rules, or ordinances; (3) I have disclosed on this Profile all known or suspected hazards associated with the by-products; (4) this certification and warranty are based on my personal knowledge of the stream, the information presented on this Profile, or my inquiries of the person(s) responsible for providing such information; and (5) I am authorized to execute this Profile on behalf of the generator identified on this Profile. I agree to contact LI, if there are any future changes in the nature of the by-product(s) described on this Profile. I will provide updated information, a new Profile as necessary, and additional information (like SDSs) well in advance of the following required pick-up date, allowing adequate review of the new stream and information. I acknowledge that LI may disclose this Profile to third parties, including governmental agencies: (1) as necessary to provide treatment and/or disposal services; (2) to comply with any applicable federal, state, or local law, rule, or ordinance; or (3) to respond to the request of a governmental agency. I acknowledge that LIWS will rely on this certification and warranty for purposes of making decisions regarding the transportation, treatment and disposal of the by-product as described. The generator identified on this Profile shall forever indemnify, defend, release and hold harmless LI, its officers, directors, shareholders, employees, and affiliates from and against all losses, liabilities, fines, penalties, claims, and costs (including reasonable attorneys’ fees) as a result of or in connection with any violation or alleged violation of any federal, state or local law, rule or ordinance which is caused by or arises out of (1) any breach of this certification and warranty; or (2) any negligent act or omission of the generator.
